

Quality Policy

VISION – What we aspire to become in the future we envision

Our ambition is to bring together other centers of excellence in the region to create an integrated production platform, forming a local ecosystem. We aim to share with these small manufacturing entities our values, work ethic, and pursuit of quality within a shared vision. We seek to establish a continuous dialogue with our brand partners—a process of exchange and learning that inspires and nourishes us—within an integrated, controlled, and sustainable supply chain.

MISSION – Who we are and what we do

We skillfully translate our clients' creative vision into exclusive garments.

CEO COMMITMENT

CIEFFE S.r.l is committed to pursuing customer satisfaction, trust, and loyalty, complying with mandatory regulations and meeting voluntary standards required by clients.

Management has chosen to implement a Management System in accordance with the UNI EN ISO 9001 standard to support organizational structure, define objectives, and promote continuous improvement.

In line with our Vision and Mission, Cieffe is committed to:

1. Ensuring results that exceed customer expectations through dedicated teams;
2. Creating a stimulating work environment, fostering talent development, and raising awareness on sustainable development topics;
3. Promoting effective collaboration with suppliers and partners to achieve high levels of synergy that support mutual growth.

Management assumes primary responsibility for achieving objectives and ensures the availability of resources necessary to maintain the Management System.

To ensure its consistent application, Management considers the commitment and active collaboration of all personnel to be essential.
